

GEARBOX
&
OVERDRIVE

No. E-2

PAGE I OF I
JULY-1964

TO: ALL ROOTES GROUP DEALERS
MODEL: ALL L.C.R. VEHICLES WITH FLOOR GEAR CHANGE
SUBJECT: GEAR LEVER SIZZLE

A new type gear lever knob is now fitted to the Sunbeam models.

This new knob is smaller than the old pattern and incorporates a rubber bush between the main body of the knob and the mounting thread. The knob is interchangeable with the old type and may be found useful in helping to overcome complaints of gear lever sizzle.

The part number of the new knob is 1224240 and it is available through the usual parts channels.
