

TIRES & WHEELS

No.

L-3

NOVEMBER, 1964

PAGE I OF I

TO: ALL ROOTES GROUP DEALERS  
MODEL: SUNBEAM IMP  
SUBJECT: TIRE PRESSURES

An important alteration has been made to the front tire pressures on the Imp and the following information should be brought to the attention of all personnel:-

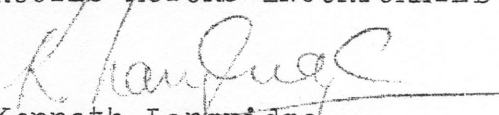

Tire pressures are now:-

FRONT	-	18 p.s.i.
REAR & SPARE	-	30 p.s.i.

All vehicles passing through your hands should have their tire pressures set to the above figures. This alteration became effective on production from B.41/1/069357 De Luxe and B.42/1/002417 Basic.

NOTE: For continuous fast driving, front and rear pressures should be increased by 5 p.s.i.
